Designing Spaces, Defining Moments

A home is more than walls and floors – it’s a canvas where life takes shape. The way light glides across a surface, the comfort beneath your feet, the harmony between one space and the next – these subtle details define its character.

At Johnson, we bring this character to life through our signature tiles across various formats.

- 80×160 cm large format tiles for seamless scale and luxurious flow.
- 60×120 cm and 60×60 cm tiles for timeless versatility

With rich textures and elegant finishes, Johnson empowers you to design a home that is distinctly yours. Because a home isn’t just where you live – it’s where your best moments find their stage.

OUR INSPIRATION

Ethnic

A Fusion of Tradition and Modernity.

They embody the cultural heritage and artistic traditions of civilizations across time, blending historical motifs like Indian block prints and architectural elements with modern manufacturing techniques. Johnson masterfully captures this rich tapestry of storytelling and cultural expression.

Marble

Earth's Art. Perfected.

Born from the heart of the earth. Forged in time. Johnson captures the raw, untamed elegance of marble its bold veins, its whispered textures, its unapologetic luxury. Each tile tells a story of strength and sophistication. More than a surface - Its an inspiration where nature's chaos meet refinement.

Stone

Ancient. Unbroken. Unyielding.

Nature's strength, captured in tile. Johnson channels the raw soul of stone its weathered textures, its silent endurance, its timeless presence. It's a foundation. Grounded in elegance. Built for permanence.

Abstract

Where Emotion Becomes Form.

Unbound by shape. Unleashed by feeling. Johnson captures the raw energy of imagination where colours dance, lines defy, and meaning runs deep. The design is free, bold, interpretive and emotionally charged. More than pattern, it's poetry for your walls.

Floral

Nature's Poetry in Ceramic.

Petals frozen in time. Blooms that never fade. Johnson captures the fleeting beauty of nature, the delicate curve of a leaf, the vibrant burst of a blossom, the whisper of seasons changing. This is more than a design- it's emotion, artistry, and life preserved.

Geometric

Where Order Meets Art.

Lines that speak. Shapes that command. Johnson harnesses the hidden logic of the universe, the sacred symmetry of nature, the pure mathematics of beauty. This is design with intention: sharp, structured, and serenely powerful.

JOHNSON FLOOR TILE FIXING INSTRUCTIONS

- Plaster the surface to be tiled with a good finish and complete the rendering and curing at least two weeks prior to tiling. **DO NOT FIX TILES ON FRESH SURFACE.**
- Before fixing the tiles, ensure acceptable blend of shade and design pattern by dry laying procedure. Please note that shade and size variation are the inherent characteristics of all fired ceramic products.
- The company bears no responsibility towards the tiles exposed to outside process like transfers, printing, firing etc.
- For fixing these tiles, we recommend the use of ARDEX ENDURA tile fixing adhesives. For best results, follow the instructions provided along with the adhesives. Adhesive will be type 3 or 4 .
- For fixing these tiles using sand and cement, follow the instruction given below:
a) Use cement and sand mortar in the ratio of 1 : 3. Add some water to create a consistent paste. **DO NOT USE NEAT CEMENT FOR FIXING TILES.**

b) Once the mixing has been completed, do not add more water and use the mixture within one hour.

c) Apply a 20-30 mm layer of bedding material evenly over an area of 1 square meter at a time on the surface of the area. Apply a fine slurry to the back of the tile to ensure proper and full bedding. Press gently for even adherence at the back of thetile. **DO NOT USE AN IRON HAMMER OR SOME HEAVY MATERIAL TO PRESS THE TILE.**
- Mark and lay out the tiles from the centre / one corner of the area to be laid so that cut tiles, if any, will be on the outer edges towards walls.
- WE STRONGLY RECOMMEND USING SPACERS OF MORE THAN 2 MM SIZE WHEN LAYING TILES FOR BETTER SURFACE FINISH.**
- The nominal work size of tiles is as printed on the carton. It is advisable to maintain a gap of 3mm to 5 mm between every tiles & a depth of 6 to 8 mm to absorb stress due to thermal expansion.
- Wait for 24 hours after fixing the tiles. After this period, fill the joints with cementitious or epoxy grouts from ARDEX ENDURA (INDIA) PVT. LTD.
- Fifteen minutes after the grouting process, wipe off the excess grout with a damp sponge and polish the tiles with a soft, dry cloth.
- Protecting the tiled floor – After tiling is over, tiles should be covered by fiber sheet at least for 48 hours.
- Please note that floor tiles are specially manufactured for use on floor. However, they may also be used on internal walls, but not recommended for external walls or for elevation.
- For cleaning tiles, use a moist cloth or sponge with water or diluted soap solution. **DO NOT SCRUB OR SCRATCH.** You can also use tile & stone cleaners from ARDEX ENDURA (INDIA) PVT. LTD.
- DO NOT USE ACID / ALKALI / SOLVENT / OILS / CLEANING POWDERS ETC. FOR CLEANING TILES.**
- Please note: the company does not accept any liability in case of problems arising out of non-adherence to these tile fixing instructions.
- THE COMPANY WILL BEAR NO RESPONSIBILITY AFTER THE TILES ARE FIXED.**
- Kindly look for the arrow (➡) on the back of tile and follow the laying pattern as shown below:-
